Criteria & Standards

Provide methodology and assumptions used to estimate revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments). Deviations from the standards must be explained and may affect the approval of the budget.

Note: This form is the same as the school district criteria and standards review except for the average daily attendance, enrollment, ADA to enrollment, LCFF revenue, and ongoing and major maintenance account criteria, which are not applicable for JPAs. The criteria and standards review should be completed only to the extent that individual components apply to each JPA, and with concurrence from the reviewing agency.

S8.	Status of Labor Agreements
	Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.
	If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:
	The JPA must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.
	The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the JPA governing board and superintendent.
